DETAILED ACTION

1. Drawings are 11/21/2005 and 8/31/2007 are accepted.
2. Claims 1-13 are allowed if the objection above is overcome. The following is a statement of reasons for the indication of allowable subject matter:

With respect to claims 1-8, the references of record neither teach nor render obvious the recited combinations including the encoding control means that controls the encoding means so as to perform the encoding process at a rate R times higher than a rate at which the encoding process is performed if the encoding is performed after waiting for acquiring N samples of data without performing oversampling.

With respect to claims 9-13, the references of record neither teach nor render obvious the recited combinations including the decoding control means that controls the decoding means such that the decoding means performs the decoding process at a rate higher than the rate at which the decoding process is performed if the decimation is not performed.
